EDUCATION

Colorado School of Mines, Golden, CO Expected Graduation: **Dec 2025**
Major: Bachelor of Science in Computer Science + Business GPA: **4.0**
Minor: Computational and Applied Mathematics
Awards: RSM C-MAPP Scholar, Tau Beta Pi, Deans List

SKILLS

Languages C++, Python, Java, Bash, C, Matlab, HTML, CSS, GLSL, PostgreSQL, SQLite,
Powershell, MySQL, RISC-V Assembly, Batch
Frameworks FastAPI, OpenGL, PyQt, Java Swing
Other Git, L^AT_EX, Linux, Agile

EXPERIENCE

Qualcomm Aug 2024 - Present
Software Engineering Intern (CSCI370) Boulder, CO

- Implemented Rest API to handle requests from approximately 2,000 LTE base stations
- Engineered parallel solution to collect base station configurations, decreasing runtime from 6 hours to 1 hour
- Packaged script to Qualcomm's internal RPM repository

White River Technologies May 2024 - Aug 2024
Engineering Intern Lebanon, NH

- Developed script to configure Windows tablets for deployment with EM sensor system
- Designed and implemented GUI to plan drone flight paths with integrated leaflet.js map
- Developed GUI to modify configuration file and adjust hardware settings for EM sensor system
- Enhanced quality control GUI by adding ability to manipulate and convert between .ply and .shp file formats

PROJECTS

3D Pacman Game Dec 2024
C++ & OpenGL

- Utilized billboarding to make Ghosts always look at the player
- Implemented simple collision detection with the walls of the maze that allowed for smooth movement along walls and made it impossible to clip through walls
- Used texturing to enhance realism of the environment and to add a skybox

Portfolio Website Sep 2024
HTML & CSS gavingarzia.com

- Designed and implemented website to showcase projects and experience
- Hosted website on Github Pages and ensured UI/UX was mobile compatible

ACTIVITIES

Association for Computing Machinery Aug 2024 - Apr 2025
High School Programming Competition Chair

- Responsible for planning competition by organizing problem writing, reserving rooms, and ordering food
